

1800 Old Country Road, Elmsford NY 10523
Sunday, March 3, 2019

Requests to residents:

Please cooperate and follow the guidelines below during snow events:

1. DO NOT park in front of a pile of snow!
2. Clean your car in the parking spot, do not backup into the street and clean it; it's unfair to everyone and if everyone did it the streets would end up having to be cleaned 214 times!
3. Before cleaning snow off your car, move it back a foot or so and push the snow to the sides and front; not into the street.
4. Please do not park with your tires up against the sidewalks; the front of your car should be against the sidewalk not over it. Snow removal machines need the full width of the sidewalk to clean them.
5. Once the snow stops and you hear the truck out cleaning parking spaces, go out and move your car to a cleaned spot so that spots with snow can be cleaned.

Thank you!
